

Educational Psychology Consultations 2018/19

A supportive and collaborative framework overseen by educational psychologists to explore issues and identify ways forward.

Consultations offer opportunities to discuss issues or concerns in local venues. This in turn supports teaching staff and/or parents/carers to be better enabled to meet the needs of children and young people.

To make the most of the EP Consultation, teaching staff, parents and the child/young person are encouraged to attend together.

Contact your local Educational Psychology Team for further details of local EP consultations	East Herts/Broxbourne/Welwyn/Hatfield: 01992 556 998
