

## Join Race for Life today

Race for Life is a unique series of events across the UK where women can come together to walk, run or jog 5km for Cancer Research UK, and help cure cancers that touch women's lives.

Cancer Research UK is Britain's leading charity. With a dedicated team of 3,000 scientists and doctors it is the biggest independent cancer research organisation in the world.

## more than ever, together

Now, Cancer Research UK needs women like you more than ever. We're aiming to bring together 250,000 of you at 100 Race for Life events around the UK, to raise an unprecedented £12 million. Why? Because without these funds, Cancer Research UK's pioneering work to help prevent, treat and cure cancer simply can't happen.

## your chance, your way

Whatever cancer means to you, whatever your age and fitness, Race for Life is your chance to do something about it. You can walk, run or jog the 5km course, on your own, or with your friends or family. Or why not organise a team?

Call us on 08705 134 314 and we'll tell you how.

## Together we'll cure cancer faster

Will you be part of Race for Life 2002?

We hope so, because the more of us that come together, the faster we'll cure cancer. Find your nearest race overleaf, then pick up the phone, go online, or use the form attached – and join Race For Life today.

*"You feel that together you're doing something so worthwhile"*

All we ask is that each woman taking part commits to raising at least £50 to help Cancer Research UK find new answers to cancer. After you cross the line at your Race for Life, we'll give you a medal and goody bag to celebrate your contribution.

*"I'd say to any woman, do it. You'll never look back"*

Join Race for Life now on  
08705 134 314  
or at [www.raceforlife.co.uk](http://www.raceforlife.co.uk)

Call made to 08705 134 314 are charged at national rates and may be monitored to allow us to maintain our standards of customer service.
